

Otter Creek/Urey Overlook Trails

The Mason-Dixon Trail System/York Hiking Club Thursday work crew just finished four years of work upgrading the trail network at Otter Creek. The trails in the Otter Creek gorge are beautiful. There are several different loops of various distances that one can hike. The blue M-DTS is part of the KTA Super Hike.

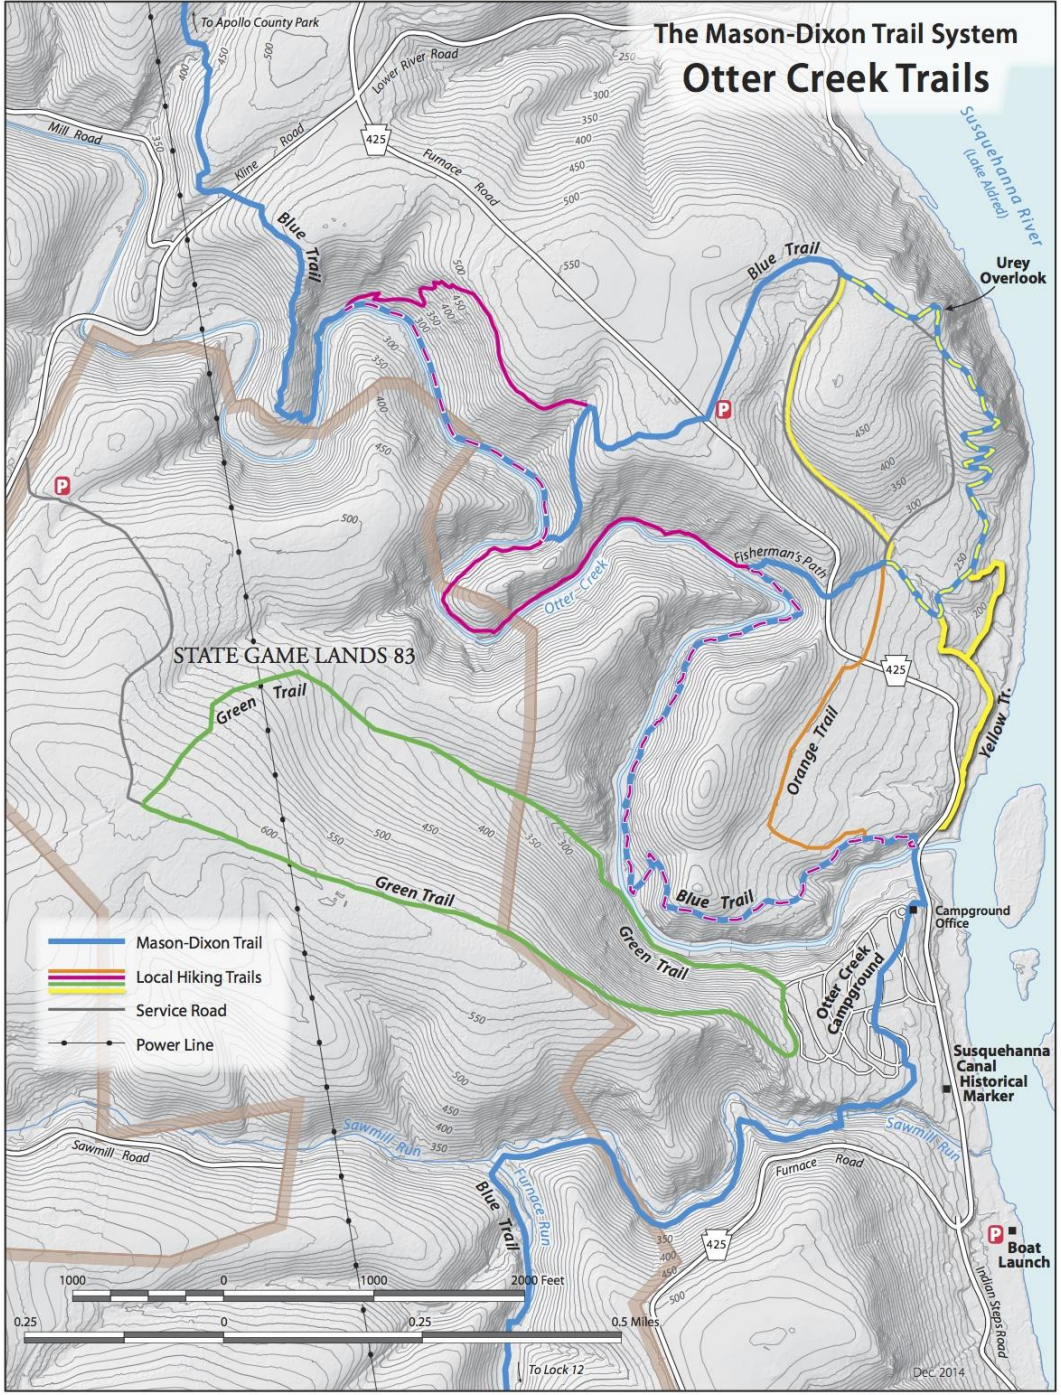

Otter Creek in the Winter

A nice 4.3-mile loop hike is to combine Otter Creek with Urey Overlook. Please see the map below. The directions are as follows:
